

Summer Academy for ESOL Teachers

July 31 - August 2, 2023

8:30am - 3:30pm ET | Coffee and lunch will be provided

Falmouth High School (Library), 874 Gifford Street, Falmouth, MA 02540

Monday, July 31

Practical Approaches to Supporting English Learners in Content Classrooms: *Science focus*

Tuesday, August 1

Practical Approaches to Supporting English Learners in Content Classrooms: *Math focus*

These interactive sessions offer participants approaches to combining English language development standards and science and mathematics practices. Participants develop a common understanding of academic language expectations and explore strategies to foster a language-rich environment. Through hands-on experiments and analysis of language embedded within the content and practices, participants will have a deeper understanding of how to engage language learners of a variety of proficiency levels.

Participants will be able to:

- Describe the role of collaboration in science and mathematics
- Consider student assets for learning
- Recognize the impact of race, culture, and language in the learning process
- Identify the connection between content knowledge and academic language
- Understand how a focus on genres can support academic discourse

Cost

- \$450 per registrant per session
- \$800 per registrant if attending July 31 and August 1

Wednesday, August 2:

Break: Independent cultural tour of the area

Interested in a full week of sessions: See the WIDA workshop scheduled for Thursday and Friday!

REGISTER NOW!
