June 30 Workshop

Unlocking Rigor: Practical Applications of Webb's Depth of Knowledge (DOK)

Join us for a full-day, interactive workshop that provides K-12 educators with hands-on experience in applying Webb's DOK framework, a powerful tool to promote coherence within classrooms, schools, and districts.

July 1 Workshop

A New View on Classroom Assessment for Multilingual Learners with Dr. Margo Gottlieb

This workshop highlights the importance and impact of classroom assessment for multilingual learners and their teachers, integrating the roles of language and culture into the assessment cycle.

FEATURED SPEAKER

Sara Christopherson

Sara currently serves as the Director of WebbAlign at WCEPS.

She works with educators, educational publishers, assessment developers, and other stakeholders to enhance and strengthen their use of Depth of Knowledge (DOK), understanding of alignment, interpretation of curriculum standards, instructional design and practice, and overall assessment literacy in support of a coherent system that supports all learners.

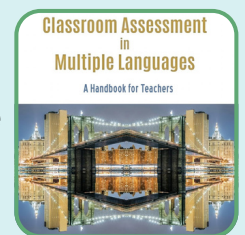

FEATURED AUTHOR

Margo Gottlieb, Ph.D.

Dr. Gottlieb's recent book, Classroom Assessment in

Multiple Languages: A Handbook for Teachers, serves as a resource for how to create assessment systems that enable understanding of the whole student, not just that fraction of the student only visible as an English learner.

Cost & Credit

- Day 1 (Jun 30) - \$600
- Day 2 (Jul 1) - \$600 or \$650 w/ credit
- Both days no credit - \$1,100
